3. THE BEST OF BOTH WORLDS

"Engineered in Germany" – we design, test and upgrade our bikes at our FOCUS premises in Stuttgart. Our bikes are built in Germany at our headquarters in Cloppenburg.

In addition, one of our competent specialist dealers is always at your disposal for all questions and services. Entering your zip code will find the dealers near you, they will build the bike and make it perfect for you. If there are any problems with the bike - no problem - your dealer will help you quickly.

4. WHICH SIZE DO I NEED?

We've provided a list of recommended sizes of each of our models based on users' height and inside leg length. However, if you're still unsure what size you need, please do not hesitate to contact our service team or one of our dealers.

5. HOW DO I ORDER?

Our online shop allows you to compare, select and order the products in peace and without shop opening hours. We normally only offer bicycles which are available immediately, in an attempt to keep our inventory system as tidy as possible. Should the model you want be unfortunately unavailable, we will contact you; both parties then have the option of cancelling the contract.

Should there be any questions about the order or the product remain open, our service team is available by phone at +49 711 2484880 or by email at info@focus-bikes.com. Of course, our dealers will be happy to help you. On our homepage, you will find the nearest retailer.

After ordering all our bikes will be delivered to your chosen dealer. So we guarantee an ideal structure and the perfect attitude for you and the best service if something sticks to the bike.

If your desired wheel leaves our warehouse, you will receive an email from us. Once your bike has been set up at the dealer, it will inform you by mail and phone. Please pick up the bike from the dealer within 7 working days. He adjusts the bike to your needs.

Your contact information will be forwarded to the contact person you selected. This will inform you then after the final construction, that you can pick up the bike.

If you do not manage to pick up the bike or you do not like the bike, our dealer will take over the handling. They fill out the return form with you.

Is registration required for the order? To order the bike you have to register with us. This will allow you to check your order status, get in touch with us, and get an overview of your order history.

All messages from us, respectively the dealer, affect exclusively the order processing. If you also want to receive special offers or our newsletter, you have to sign up for this separately when ordering. More information about this can be found in our privacy policy.

6. DO I NEED TO CREATE A CUSTOMER ACCOUNT IN ORDER TO PLACE AN ORDER?

To order a bike, you will first need to create a customer account with us. This means you will be able to check the status of your order, you will be able to contact us more readily and you will have an overview of your order history.

All messages we or the dealer will send you will concern exclusively the processing of your order. If you also want to receive messages concerning our special offers and/or our newsletter, you will have to subscribe separately for these services when ordering. For more information, please see our data protection declaration.

7. HOW IS THE PAYMENT DONE?

For the payment of your desired bike different alternatives are available:

When you click on the button "Order now", your order will be placed. As soon as we receive your order, we will send you an order confirmation with all the details of the sales contract.

8. WHAT ARE THE PRICES AND PAYMENT CONDITIONS?

All prices quoted in our shop are final prices incl. VAT. There are no additional costs for packaging or shipping. In the

event of a return or non-collection, we will however need to withhold €50 to cover return costs.

We wish to point out that we can only supply private customers within the EU via this shop. Therefore, all invoices are issued including VAT. The customer agrees that he/she cannot apply for a VAT refund for purchases made via this shop, even if there are circumstances for which a refund or remission of VAT would be feasible.

9. HOW DO I REDEEM PROMOTIONAL VOUCHERS?

The following conditions apply only to our promotional vouchers unless specified otherwise. They do not apply to credit notes (i.e. vouchers that have been purchased, as gifts for example):

(1) Promotional vouchers can only be redeemed through our online shop. To redeem a voucher, the same email address to which the voucher was sent must be used during the order procedure. Vouchers may not be transferred. Only one voucher may be redeemed per order. Vouchers may not be combined with each other or redeemed for their cash value; they do not attract interest.

(2) You will be notified of the validity period of a voucher and the minimum price at which it must be redeemed (incl. VAT, without shipping costs and other charges) at the time the voucher is issued.

(3) The voucher value will be distributed pro rata across the price of all products ordered. If products are returned, the voucher value will be credited in proportion to the value of the returned products. If a voucher can only be redeemed for a specified minimum purchase price, this minimum purchase price must be reached even if certain products are returned otherwise the remaining value of the voucher will not be credited. If an order is returned in full, the value of a promotional voucher will not be credited and it will not be possible to reuse the voucher.

10. WHAT DO I DO IF MY BIKE TURNS OUT TO HAVE DEFECTS?

Of course, before the shipment of the products, there is an exit inspection. Transport damage on the way to the dealer can unfortunately sometimes occur. Of course, we will replace the bike and you will not incur any costs here.

For any complaints please contact your local dealer. He will expertly examine your desired bike and coordinate further measures for dealing with defects with us. As a rule, we then try to get repairs underway as soon as possible. For supplementary performance (as in repairing or replacement), we will decide the matter.

11. WHAT DO I DO IF I AM UNHAPPY WITH MY BIKE?

Unfortunately, this does happen from time to time.

Irrespective of your legal right to cancel the order (as explained below), you also have the option of cancelling the order by returning the bike to your selected dealer and completing with them the return form by the required deadline stated above. In this case, the dealer will pack the bike for shipment and ready it for return to us on your behalf. You will be charged only for the cost of picking up the bike from the dealer and shipment to us. This will be €50. The option to give back the bike is not effective when a dealer buys the bike.

You may alternatively exercise your statutory right to withdrawal.
